

SITE PLAN

The site is a previous parking lot that was never fully filled, and the decision to build the youth center here was in order to front the Towne Square. In order to create a transition from the residential area to the west and commercial sector to the east,, the block contains the public youth center as well as apartments. To make up for the parking that was taken away by the building, the parkways have become free street parking. Each entry is made accessible through sloping grades and ramps.
